VetBilling's parent company, Electronic Billing & Customer Support (EBCS) has helped businesses in numerous industries since 1986. For over 30 years, EBCS has been helping companies manage their billing, collecting, cash flow, and customer satisfaction. Our commitment to excellence in customer care, efficiency, technology, and professionalism serve as guiding principles to our success and yours. VetBilling was founded to introduce our 30+ years of experience to the veterinary profession enabling you to help more pets and increase practice revenue.

Worried about clients that won't pay? It's time to change this mindset and begin thinking of creative ways to grow your practice. You're an entrepreneur that opened your practice to help as many pets as possible. Don't let the deadbeats stop you from helping the rest of your community. Do not let the deadbeats dictate how you handle all the other good paying clients that are in your community that cannot afford to pay in full all at once.

Stop the negative trend in new client growth.
Buck the trend by offer VetBilling payment solutions.
